

How to Join our Webinar using the Zoom Platform on Tablets

If you already have the Zoom App downloaded to your device, then you will probably be taken directly to the App and some of the following steps may not be necessary.

If you do NOT have the Zoom app on your device, be sure to start logging in about 5 minutes before the premiere so that you are all set up before it starts.

Once you set this all up once, you won't have to do this all again the next time!

To join the webinar: click the link that ACO provided you or that you received in the confirmation page on EventBrite after you registered. You'll also receive the link in an email from ACO via EventBrite. Please check your spam folder if you can't find it in your inbox.

1. Be sure to locate the 9-digit meeting ID/webinar ID from your registration email. It may appear at the end of the phone dial-in information, or it will be in the join link, just after <https://zoom.us/w/>
2. Also be sure to locate the password.

After you click on the link, you will see this screen. Click next on "Join Meeting as an Attendee"

If you are the meeting host, sign in to start the meeting(869-4346-9388)
